4th Grade Math Syllabus
Ms. Khomyak

Course Description and Objective

Fourth grade students are exposed to the major domains of mathematics-number sense, algebra, measurement, geometry, data analysis, and probability through the Everyday Math program. Instruction is structured to allow sufficient time to move form concrete experiences to abstract conceptual understanding. Skills are presented and become proficient during the year through repeated exposure, unit-by-unit, hands-on learning, and authentic assessments.

Materials

Fourth grade has been assigned math supplies to purchase. You can always find the supply list on our school website. Students will share supplies that they have bought. If anything extra will be needed, I will let you know.

Class Rules

1. Keep hands, feet, and objects to yourself
2. Be kind and respectful to others
3. Work quietly and do not distract others
4. Raise your hand to speak or leave your seat
5. Follow directions

Grading Policy

4th grade math grading policy

1. Homework 15%
2. Quizzes 5%
3. Tests 50%
4. Exams 15%
5. Projects 15%

Homework Policy

Please read 4th grade math homework policy carefully.

- Almost everyday, students will receive math homework either home links, worksheets or online activities to complete for homework.
- I encourage parents to allow students to complete their homework independently unless the student has difficult time understanding. If the student has hard time completing their homework, please let me know so I can go over in class.

- Student will lose 10 points everyday for missing homework. If a student will not bring his/her homework within 5 school days, the student will get lunch detention where he/she will complete the missed homework.
- Short and Long term projects will be given a month ahead. I will email the description of the project to the parents and the students. If a project is late, your child will lose 10 points. If the project is not hand it in 5 school days, your child will get a 0. After 5 days, no projects will be accepted.

Projects/ Quizzes/ Tests

Students will be given **1 project every marking period**. Students will have one month to complete the project. Every marking period, students will have at least **4 quizzes** (pop quizzes and announced quizzes). Students will take **3 tests** every marking period.

Communication
For any questions or concerns, please email me at rkhomyak@energysmartschool.org. I will reply back only during weekdays before 4PM. Every Thursday, expect a weekly email from me with updates and reminders.

Please read the syllabus carefully and sign.
