

3rd Grade Discipline Policy

Students will be using a rainbow chart. This will allow students to receive consequences, but also have an opportunity to receive rewards. Each day, all students will start at Green (Ready to Learn). They can either move up their color to Yellow (Good Day), Orange (Great Job), or Red (Outstanding). They can also move down their color if they are not following the classroom rules. They can move to Blue (Think About It), Purple (Parent Contact), and then Pink (Teacher's Choice – Demerit Points).

Each color will also equate to a certain amount of points to be updated on www.classdojo.com. The student who has the most points at the end of the week will be rewarded. Students who are on Green, Yellow, Orange, or Red will receive a positive number of points. Students who are on Blue, Purple, or Pink will receive a negative number of points.
